OBJECTIVE

Motivated graduate with intermediate expertise in Artificial Intelligence and a strong passion for Python programming. Quick learner with emerging leadership skills, committed to continuous growth and skill development. Eager to apply knowledge and creativity to solve real-world challenges and contribute to innovative projects.

Skills

- Technical Skills: Python, C, JAVA, DBMS, Data Structures
- Frontend Technologies: HTML, CSS
- Behavioural Skills: Leadership, Team Player, Effective Communication

Education

- 2021-2025 B.TECH in *Artificial Intelligence and Machine Learning* from Malla Reddy Institute of Technology and Science, Hyderabad with 8.01 CGPA.2024.
- 2021 12th from Master Minds Junior College , Siddipet with 97%marks.
- 2019 10th from Sri Vani High School, Siddipet , with 9.8 CGPA.

TRAININGS OR CERTIFICATIONS

- Artificial Intelligence by Jatanshah.
- TCS ion Carrer Edge- Young Professional By TATA Consultancy Services.
- Git and GitHub By EXCELR.
- Python 3 Bootcamp, Python 3 (Udemy)
- HTML, CSS, JavaScript (Udemy)
- DSA | Python +JavaScript (Udemy)

Projects

- Modeling and Predicting Breaks in Cyber Hacking. [*The project leverages machine learning, statistical techniques, and real-time data analysis to predict and understand potential cyber-attacks. By forecasting vulnerabilities, it aims to enhance security systems and mitigate the risk of future breaches.*]
- Web Based Graphical Password Authentication System. [*This project introduces a novel approach to securing user access on online platforms by replacing conventional alphanumeric passwords with image-based authentication. The method enhances security by leveraging human cognitive strengths in recognizing images over text, making it both user-friendly and resistant to common password attacks.*]
- Augmented Reality App (using Unity).

INTERESTS, HOBBIES

- Badminton
- Cooking
